VOLUME XX—No. 79.

CHARLEROI, WASHINGTON COUNTY, PENNSYLVANIA, SATURDAY, SEPTEMBER 6, 1919

TWO CENTS

SALVATION ARMY CAMPAIGN FOR FUNDS WILL OPEN MONDAY NEXT

Committees Have Been Appointed to Solicit in Mills

WILL CONTINUE THREE DAYS

Charleroi's drive for the Salvation Army fund this year will start in earnest Monday and continue by committee canvass for three days if that much time is required. The object is to raise over \$6,000 for that cause and \$5,000 for local charities for the year.

The town and the industries will be covered systematically by about the same men, committees and teams as have been used in past campaigns for war work funds. One of the final preparatory meetings was held Wednesday in the Monessen Savings & Trust company building in Monessen.

Following are the representatives of the organization that will take care of this work:

Carl Woodward, C chairman, first ward team;

A. N. Shuster, second ward team.

W. H. Reese, third ward team.

Mrs. George Engle, chairman Women's Committee.

Carnegie Steel Hoop. A. Ebenhoch.

Page Steel and Wire Co., J. D. Chamberlain.

Pittsburg Steel Co., James Russell.

American Sheet & Tin Plate Co., C. R. New.

Monessen Foundry and Machine Co., F. D. Burnbaugh.

Pittsburg Steel Products Co., J. D. Case.

MAY RE-DEDICATE NOVEMBER FIRST

Work on the improvements now under way at the First Christian church have progressed so far that the official board expects the new basement room to be completed about the first of October. After it is finished the main auditorium will be redecorated, which will require about three weeks, and it is expected that the rearranged church building will be in shape for re-dedication about the first Sunday in November. The improvements now under way, when completed, will almost double the capacity of the church.

Notice. Members of the Men's Bible Class of the Washington Avenue Presbyterian Sunday school will meet at the church at 1:45 Sunday afternoon.

E. E. Robertson, Secretary.

Mrs. Thomas Mangan has returned from Atlantic City where she spent two weeks' vacation.

NEW BOAT EXPECTED ON ITS MAIDEN TRIP

The new steamer Edgar Thomson of the Carnegie Steel company line, is expected to make its maiden trip today, having in tow six new steel barges just completed at the Ambridge Bridge company plant at Ambridge. The Thomson has many new features for a towing steamer on the Monongahela, and its workings will be watched with a great deal of interest.

COAL COMPANIES ARE COMBINED

It was announced on Friday that the Hillman interests have taken over the floating equipment of the Diamond Coal and Coke Company, and will operate the steamers of that line in connection with their own. This will give the Hillman Transportation company a fleet of five steamers, namely, the A. R. Budd, Sam Barum, Volcano, Hillman and Hecla. Three of these steamers are of compound type and two of the high pressure pattern, but all of them in first class condition and capable of doing excellent work. All of them are in commission, and working under one management will be capable of doing an immense amount of towing. The Hillman interests have been gradually increasing on the river, until the present time, they are among the leading coal shippers of the valley.

CONFERENCE CALLED FOR NEXT TUESDAY

All Sunday School superintendents, pastors, Children's Division Superintendents, teachers and Cradle Roll Superintendents of the Middle Monongahela District, (formerly the Charleroi district), are asked to meet in the Sunday School room of the Washington Avenue Presbyterian church, Tuesday evening, September 9, at 8 o'clock. The object of this meeting is to discuss plans for the observance of Children's Week—a nation-wide campaign to emphasize the religious education of children, as planned by the International Sunday School Association. By order of the

Committee.

PROMISE NORMAL STATE OF SUGAR SUPPLY

The sugar shortage, which has been felt all over the country during the past eight weeks, is practically at an end and normal conditions will be resumed in about ten days, according to an announcement made in Chicago on Friday. The government is reported as having one hundred boats bringing sugar from Cuba.

P. H. C. BUCHRE

The Social committee of the Charleroi Circle 303 P. H. C. will hold the first of a series of euchres Wednesday evening Sept. 10, 1919, in I. O. O. F. Hall. Tickets 25 cents.

79-13*

HEAVY SHIPMENTS FROM UPPER POOLS

Reports from Lock No. 5 indicate that the coal business south of that point is growing with leaps and bounds. During August there were 25, 112,000 bushels of coal passed down through the lock, which was over two million bushels in excess of the shipments for July. When it is considered that this amount of coal was put down through one lock, it will be seen that the lock crew was giving strict attention to the work in hand. One of the lock chambers has been under repair since last May, but it is expected to be in use within a few days, which will make the work much easier at that point. It will also allow the passage of coal more readily, greater quantities of which are expected to be shipped during the present month.

SHOULD NEVER STOP ON CURVES

Benjamin G. Eynon, register of the Automobile Division, State Highway Department, has issued a warning to motorists relative to stopping on curves on Pennsylvania roads.

"Numerous accidents are being reported," said Mr. Eynon, "as a result of a practice of some motorists stopping their machines on the hidden side of a curve, or on the right side of curves at the top of a steep grade. There is nothing more dangerous than stopping even for a moment on a curve where approaching motorists do not have a clear view of what is ahead. Other accidents are occurring because motorists who stop to replace tires make the mistake of thinking that the other fellow won't hit them. It is the wise thing to get off the highway entirely to make tire changes or other repairs, if it is at all possible."

APPOINTMENTS FOR WELL KNOWN MINING MEN

Harrison Booker, well known in this section of the Monongahela valley, has been appointed manager for Fayette county for the Hillman mining interests. Thomas Tudor, formerly located at Bentleyville as superintendent of the Acme mine, has been appointed as superintendent of Thomas mine No. 1, of the same company.

STEEL PRODUCTS IS GRADUALLY RESUMING

The Monessen Independent says that the Pittsburg Steel Products plant in Monessen is gradually resuming after a suspension of three weeks. The resumption is reported to be gradual as orders are being received, and it is the hope to have the mill in full operation within a very short time.

A tense, heart touching picture of a woman's regeneration set in a frame that reaches to the four corners of the earth

BEGIN ANOTHER BASE BALL SERIES

Another interesting baseball series for the championship of the upper Monongahela valley has been arranged for between Fayette City and Monongahela, the first game to be played on Brightwell field at Fayette City next Monday evening at 6 o'clock. Fayette City will depend on "Catsy" Kiefer or Tenrate to do the twirling, while Monongahela will present Stokes and Rapp. Kiefer, who has been pitching for the Worshester team in the Eastern League is expected home this week, and Manager Wilson hopes to have him on hand for the opening game. There has always been an intense but friendly rivalry between Fayette City and Monongahela, and it is expected that the Monday night game will draw an immense attendance.

To The Republican Voters of Charleroi

During the past forty years but two candidates seeking reelection, for the office of District Attorney, were defeated and it may therefore be taken as the custom in Washington County to give a candidate for District Attorney a second term.

As an evidence of his fitness for the office and therefore an endorsement of his candidacy 55 of the 77 republican lawyers of the Washington County Bar have signed Mr. Baum's petition and are supporting him for a second term. Of the remaining 22 lawyers 10 are either candidates or are too much interested in other candidates or have other reasons that they would not sign the petition of anyone.

Since Mr. Baum has been in the office there has not been a year when the expenses incident to conducting the District Attorney's office have not been easily paid out of fines and costs collected. These revenues have increased each year so that during the year 1918 not only the expenses of conducting the District Attorney's office but the expense of running the whole Court of Quarter Sessions, which was \$40,000.00, was collected in fines and costs by the District Attorney with a surplus of \$3,000.00.

Therefore, Mr. Voter, do you not think that Mr. Baum is entitled to be returned to the office of District Attorney?

NEW LAW WITH REFERENCE TO LIGHTS ON VEHICLES IN FORCE

FATAL ACCIDENT NEAR BROWNSVILLE

In a head-on collision between two coke trains on the Dunlaps creek branch of the Pennsylvania Railroad at Brownsville early Friday morning one man was killed and two seriously injured. The man killed was Earl Z. Kaufman, of California, while C. M. Titon, of Waynesburg, and Emery E. Ellers of Grafton, W. Va. were injured. The injured men were taken to the Brownsville hospital. The collision occurred during a heavy fog.

EXCURSION BARGE FOR WELFARE WORK

In line with welfare work now generally adopted by big industrial corporations, no effort apparently has been so much appreciated as the efforts of the Carnegie Steel Company to give its employees that recreation for which both man and woman crave. Carrying out the policy along this line, the Carnegie company has a big steel barge fitted up as a floating recreation center, with a splendid floor, covered with an awning, and provided with a myriad of electric lights. This barge has been used during the summer for excursion parties by the office forces of the company from Pittsburgh and vicinity, and these outings have given the greatest amount of pleasure to those participating. One evening this week the barge, in tow of the Clingerman, made a trip up the river as far as Lock 4, from where it returned to the city. With numerous electric lights on the barge as well as the steamer, it presented a sight of more than usual interest.

The State Highway Department's Bureau of Information is making arrangements to furnish weather Bureau in various Pennsylvania cities with information concerning the condition of the main-traveled thoroughfares of the State during the coming winter. The Department will receive daily reports from the various engineering districts showing in detail the conditions of the main north-south and east-west roads. These reports will particularly cover the snow conditions.

Mrs. Loren Tope, Mrs. Clyde Wickham, Mrs. R. C. Robertson, Mrs. John Hagenbaugh, Mrs. R. Hess and Mrs. William Darby of Charleroi, Mrs. Frank Cheney of Toledo and Miss Irma Hines of Canton have returned to their homes after a vacation spent at Cedar Point, Ohio.

Professional Announcement

Dr. Edward L. Yohe has resumed his practice of dentistry in Monongahela City in the Trust Company Building, Second and Main streets.

All Officers Are Allowed To Arrest All Offenders On View

ACT A VERY STRINGENT ONE

Governor Wm. C. Sproul, on June 12, last, approved the bill which provides that after July 1, 1919, all horse-drawn vehicles must display at least one white light which must be clearly visible for a distance of at least two hundred feet from both the front and the rear of such vehicles. This law applies to all vehicles except agricultural machinery and such as are propelled by hand or are loaded with hay or straw in bulk, while standing or in motion on any public highway in the State. Enforcement of this Act is up to the local authorities. In some sections of the State the law is being observed and in others it is not. A fine of from \$2 to \$5 or imprisonment for five days, may be collected for each offense following conviction before any burgess, alderman, magistrate or justice of the peace.

Similar punishment may be meted out to drivers of slow-moving or heavily laden vehicles, which when overtaken by another vehicle traveling at a greater speed, shall refuse to allow such other vehicle passage to the left. The same Act prohibits the passing of street cars on the side, on which passengers get on or off until the car has started and until any passenger shall have reached the side of the highway.

Section No. 5 of this act says, "Constables and police officers of the cities, boroughs, incorporated towns, townships and counties in Pennsylvania, and members of the State police force may arrest upon view and without warrant, any person violating this Act." The term "public highways," as used in this act, include all roads, streets, avenues, alleys, and public places and all public bridges and the approaches.

SIX-HOUR DAY AIM OF MINERS

John L. Lewis, acting president of the United Mine Workers of America, and other international officers have established headquarters in Cleveland preliminary to the opening of the two weeks' convention which begins next Tuesday. Mr. Lewis said the convention would devote its time largely to the consideration of the demand for a substantial increase in wages and the inauguration of a six hour work day for the miners. Two thousand delegates, representing 500,000 miners, are expected to attend.

HISTORY REPEATED

In 1876 England and France established a dual protectorate over Egypt. Six years later in 1882, there broke out in the Egyptian army a mutiny against the authority of the Khedive. France declined longer to be mixed in the affair and England proceeded to act alone. The result of her intervention was the establishment of a "temporary" English protectorate which today amounts to nothing less than absolute dominion. At the time of England's intervention, Egypt was an independent state and while England has repeatedly pledged that her occupation was temporary and Egypt has as repeatedly asked for her independence, England remains all-powerful and all-governing in Egypt today. After thirty-seven years a "temporary" occupation is still in existence and in fact has resolved itself into absolute control.

Today through the power of secret treaties over those who drafted the covenant of the league of nations a similar "international robbery," as former Governor Joseph W. Folk has characterized the English protectorate in Egypt, has been committed in the case of Shantung. Japan is placed in control of Shantung with a verbal promise that she will return Shantung to China, "as soon as possible," to use President Wilson's own words. These analogous cases bring up the question, what is, "as soon as possible" and how long is "temporary." If at the end of thirty-seven years England continues to hold a "temporary" occupation of Egypt what isto prevent Japan at the end of a similar length of time from continuing to control Shantung?

Mr. Folk, counsel for the Egyptian peace delegates, has appealed to the foreign relations committee to insert a clause in the peace treaty giving Egypt the right to appeal to the league council for her independence. This he stated was the least that could be done in justice to a country suffering from the same wrong that now confronts China. If such an appeal were granted under the assumption that the league would be adopted, the result is obvious. Japan would vote with England and England would vote with Japan. It must be remembered too, that the league would be controlled by the same powers who made the treaty.

ENJOY THE DAY WITH A TRIP ON THE WATER

The motor boat "C. B." which has been plying between Charleroi and Fayette City is now available for outing purposes, having discontinued the regular trips between these towns. This boat is suitable for Sunday School classes lodge societies etc., who desire to make trips on the water. The seating capacity is for 45 people. The boat is supplied with electric lights, ice box, toilet room, life belts and all the up-to-date equipment. Arrange to spend a day on the water in a boat that is licensed by the United States government.

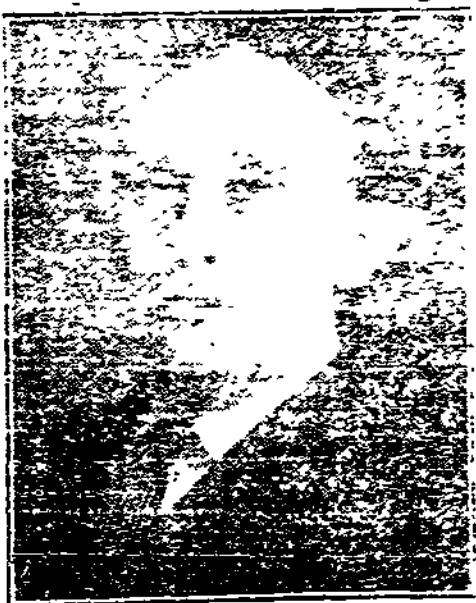

NOTICE

North Charleroi School Board will meet Friday evening September 12, 1919 to receive bids for furnishing 2000 bushels, more or less of run-of-mine coal.

This is improved with a new bungalow house of 8 rooms. For more information write to M. K. Box 264 Monongahela, Pa. 79-12p

Homer Cummings, chairman of the Democratic National Committee calls the Senators who oppose the league of nations, "imbeciles." Which proves that this distinguished gentleman has failed to learn the difference between abuse and argument.

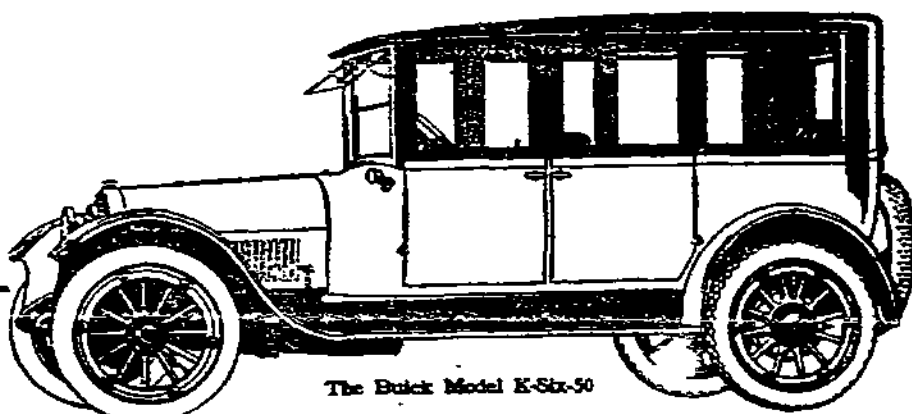

Model K-50

Buick Sedan for Seven

THE BUICK Model K-Six-50 four-door Sedan is the latest development in closed car design. The front seat, instead of being divided, is full width, giving additional roominess to passengers and providing an extra brace to the body which adds considerably to its stability.

The latest type of cowl and side lamps, tilting steering wheel and satin finished interior trimmings are featured in this Sedan. The lining is done in rich plush, without binding. Altered lines and low-hung body give added grace to the exterior without sacrificing head-room. The main compartment accommodates two disappearing seats, which are built for genuine comfort.

Silk shades on rollers afford privacy or shut out a too ardent sun. Ventilation is controlled by the adjustable windows and windshield, the door windows being fitted with patent handles for raising or lowering them. Suitable lights give interior illumination. Lowered seats give greater riding comfort.

Charles Miller For Sheriff

The sole test of a candidate should be his ability, plus his party loyalty if he is seeking a party nomination.

No one denies the ability of Charles Miller, no one has ever questioned his loyalty to the Republican Party.

Capable, competent, efficient and a Republican, he fulfils every requirement and makes an ideal Republican candidate

NOMINATE HIM SEPTEMBER 16

WOMAN SUFFERED 12 YEARS

Finally Made Well by Taking
Lydia E. Pinkham's Vegetable Compound.

Emmitsburg, Md.—"I suffered for twelve or fifteen years, and was treated by a physician, but got little relief. I saw an advertisement of Lydia E. Pinkham's Vegetable Compound in my newspaper, so thought I would try it, and it did me more good than all the doctor's medicine. I am a farmer's wife and do my housework all the time, and I am better now than I have been for years. I am never without Lydia E. Pinkham's Vegetable Compound in the house and have recommended it to several of my friends. You are perfectly welcome to publish my letter for the good it may do other women."—Mrs. LITTLE WARREN, Emmitsburg, Md.
Backache and nervousness are symptoms or nature's warnings, which indicate a functional disturbance or an unhealthy condition which often develops into a more serious ailment.
Women in this condition should not continue to drag along without help, but profit by Mrs. Warren's experience, and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound—and for special advice write to Lydia E. Pinkham Med. Co., Lynn, Mass.

THE LAUN-DRY-ETTE

ELECTRIC WASHER

is the most wonderful washer. Our store at 423 Fallowfield Ave. has been redecorated and you are invited to come in and spend as much time as you can spare. Your time will not be wasted. Remember the LAUN-DRY-ETTE washes, boils, rinses and dries in the same machine.

THE APEX ELECTRIC CLEANER is the most practical cleaner to own. Save your time and strength for those things that can be done best by hand. Let this electrical servant do your household cleaning, you will soon find the Apex more indispensable than even the telephone. A few days free trial will prove this. Ask for it. Call us on the phone and we will deliver your Mazda lamps for you. Bell 115-W.
